Please note:

DVVAP cannot use car phones, bag phones, older analog phones, or phones that do not work, but we will happily send them to a recycling facility for you. We are grateful for working digital cell phones. To make a donation, please place your phone & any accessories in a sealed zip-lock bag (one phone per bag). This makes it easier for us to prepare the phones for distribution to those in need.

Thank you for your generosity!
